

Canadian Art Libraries Newsletter

EDITORIAL

We hope that you enjoyed the last issue of the CARLIS Newsletter. Cheryl worked out the new format that is much easier to read and also has a nicer appearance. The computer allows much more variety of format, as you know.

Both Cheryl and I have been extremely busy planning for the ARLIS/NA Conference here in March 1999. Unfortunately, the Newsletter has had to take second place at this time. For this reason, we are producing a double issue. In this way, we are actually incorporating all the news that has been collected since the previous issue. We hope that this solution is acceptable to everyone.

I want to thank Jill Patrick, Librarian and Archivist of the Ontario College of Art & Design for sending information about activities at the College. It is greatly appreciated. Marilyn Berger also sent a news note for inclusion. Thanks Marilyn. All items are gratefully received since it does add scope to the news that is collected here.

ARLIS/NA in Vancouver

The Conference Committee for the ARLIS/NA conference has been meeting regularly since April to workout all the details for the ARLIS/NA conference here in Vancouver next March. Needless to say, there is a great deal of work to be done between now and then.

The Conference Planning Advisory Committee was in Vancouver, June 25 - 27 to hear reports from the members of the local committee. The arrangements met with their approval, for the most part. Everyone is enthusiastic about coming to Vancouver. That meeting also established the basic schedule for the various meetings, workshops, tours, etc. There has been a great deal of fiddling and fussing with this schedule since then, but a final schedule seems to be very close at hand.

The Executive Board of ARLIS/NA met at the beginning of August to give final approval to the program. Our next most important project is to prepare the material for the Preliminary Program.

Canadian members will be pleased to note that payment for the conference will be accepted in Canadian dollars this year. This is due to the concerted work of our Canadian representatives who have consistently pointed out the problems

that we experience with the low (and fluctuating) Canadian dollar. At this particular time, it is very necessary that the devalued dollar is recognized as a real problem for all Canadians who would have to pay in American dollars.

Cheryl Siegel, local organizer and Co-chair of the Program Committee, has been doing a marvelous job of organizing every detail for the conference. Those of us who are working with her admire her organizational ability.

We are looking forward to having a large number of Canadian delegates at the conference. The program looks as if it will be very interesting, the tours are good and we hope that the weather will cooperate. There is much to do and see in Vancouver, even in March. Of course, there are also the conference sessions to attend!

See you all then!!

Canadian Sessions at ARLIS/NA

As one of the Co-Chairs of Programs for the ARLIS/NA conference in Vancouver, I have been exceedingly pleased to see so many proposals for sessions with important, timely and interesting Canadian content. These proposals came from Canadians and Americans and help to emphasize the concerns that we have in common.

There will be a session that examines censorship and the movement of sensitive materials between the U. S. and

Canada. Another session looks at the history of art libraries in Canada. CHIN will be hosting a session to keep us up to date on their latest initiatives.

A special plenary session will examine issues of the repatriation of cultural artifacts and how this affects Northwest Coast Art. There will also be a plenary session that focuses on library architecture in Vancouver.

Canadian speakers of note will include Moshe Safdie, Cornelia Hahn Oberlander, Trevor Boddy, Gloria Cranmer Webster, Rhodri Windsor Liscombe and Elizabeth Johnson.

Your preliminary program will be arriving soon, and I hope that you'll all be able to give strong consideration to attending this landmark conference.

Call for Papers

Section of Art Libraries

IFLA Bangkok, August 20 - 28, 1999

The sessions for the Section for Art Libraries are planned under the general conference theme, **Libraries as Gateways to an Enlightened World**.

The Art Libraries will focus on topics dealing with the impact of technology on art libraries today. More specifically, the sessions will deal with the following:

Open Session – formal papers

- Electronic art information - creating it, disseminating it, archiving it - is it worth the cost?
 - sub-topics: The demand for images on the Web - cost, quality, rights and access.
 - Archiving exhibition Websites
 - Librarians as Webmasters
 - Cataloging the Web
 - Computerised indexes in art - easy access vs. difficult technical support

Workshop – interactive, short presentation

- Blurring the boundaries: Should art librarians work with archivists, curators, educators, or become more specialized?
 - sub-topics: Changing role of art librarians in the electronic age
 - Teamwork: creating Websites in art organizations
 - The art bibliographer - a creature of the past?
 - The art librarian as mediator

The format of the workshop will be interactive. The papers will not be read, but the main points will be presented by the speakers. A moderator will comment on the paper, asking provocative questions to stimulate group participation.

The proposals for papers are **due on December 1, 1998**. You must include the title plus a 100 - 200 word abstract, to give a brief description of the paper. You will be notified by January 1, 1999 regarding the acceptance of your paper. You will then have until **April 1, 1999 to complete the paper** and send it in to the Chair of the Section of Art Libraries.

The paper for the Open Session should be no more than 8 pages on A4 paper, double spaced. The Workshop presentation papers should be no longer than 4 pages on A4, double spaced.

Send your proposal to:
